

NCM Hub *Hidden History* MOVIE NIGHTS

July 15th, 22nd and 29th 7pm-9pm

Join NCM Hub every Saturday starting July 15th to July 29th for our FREE *Hidden History Movie Nights!* Equipped with comfortable seating and freshly popped popcorn, NCM Hub has prepared for a series of thought-provoking documentaries about the **hidden truth** behind our past and current relationship with the world around us.

Our 1st Hidden History film details the story of how the Industrial Workers of the World won in their fight for liberation of the average working man. Also referred to as the Wobblies, these dedicated individuals organized a union of laborers in the early 20th century and are those responsible for the status quo that we carry on in America still today.

Join us as we listen to the stories of those extraordinary people who dared to strike change in the ripple of time, and to whom we can draw parallels to our modern day lives. We hope you will come learn and get inspired with us!
